

Do you have a regular commute?

A quick and Easy way to replicate your daily trips through the Naviki website - and save on phone battery life!

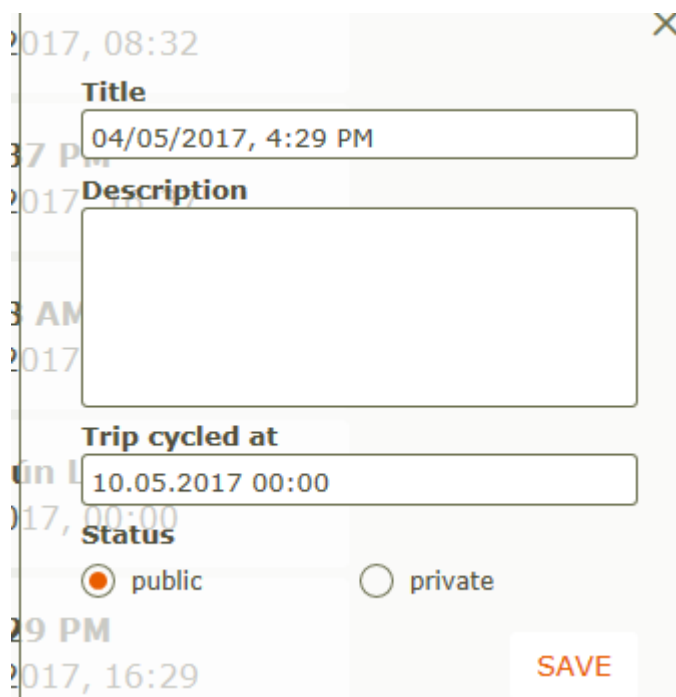

1. Sign into Naviki website using the same **username** and **password** that you have for this Cycle Challenge <https://www.naviki.org/en/naviki/>
2. Click on your username at the top left hand part of the screen, and then click on 'My Routes'

3. on the + symbol

4. You will see a subscreen that looks like this. Enter a new cycle trip 'Title' and importantly update the 'Trip Cycled at' info to the new date and time.

A screenshot of the 'Add Route' form in the Naviki app. The form is displayed over a map background. It has a close button (X) in the top right corner. The fields are: 'Title' with the value '04/05/2017, 4:29 PM'; 'Description' with an empty text area; 'Trip cycled at' with the value '10.05.2017 00:00'; and 'Status' with radio buttons for 'public' (selected) and 'private'. A 'SAVE' button is at the bottom right.

5. Hit SAVE! 😊
